South Vally University

Computer Science

 (2020 - 2025)

SUMMARY

I am a passionate front-end developer with a strong foundation in HTML, CSS, and JavaScript. My journey in web development began with a curiosity to understand how websites are built, and since then, I've immersed myself in the ever-evolving world of front-end technologies. I thrive on bringing designs to life and creating seamless user experiences through clean and efficient code.

Let's build something great together!
